Joe:

It looks like we will be able to meeting the morning of the 18th on site. Does that work on your end??

Jeff

We would be interested. Which date/ time works for you guys?

Thanks - JJB

Good Morning Joe:

We are working on having a meeting with HQ types regarding the NRRB issues in St. Louis the week of September 15th. Our team (Region 7 only) could stay an extra day and meet with you and your team onsite and discuss the recent correspondence from us. Something to think about.

Regards,

Jeff
